blend information

100% Cabernet Sauvignon

in the vineyard

An important part of the Villiera range - combines the natural elegance of Villiera soils with greater intensity from the soils of Devon Valley.

about the harvest

The 2016 Cabernet Sauvignon was picked at optimum ripeness, with half of the fruit coming from Devon Valley and the balance from Villiera.

in the cellar

The grapes were fully crushed and fermented in pumpover fermenters at $\pm 25^{\circ}\text{C}$. Full MLF occurred in tank before blending and racking to barrels. The wine was matured for a year in French oak barrels (including 25 % new) before final blending and bottling.
